

Public and Private Sector Experts Presenting ESPC Solutions

[The 3rd Annual Energy Services Coalition Market Transformation Conference](http://conference.energyservicescoalition.org/) is fast approaching . . .

The conference features a day-and-a-half of in-depth panel discussions and presentations. The first full-day of the conference provides policy and programmatic updates from both the state and federal side. The second day is devoted to innovative technologies, strategies and project case studies that have proven to be smart investments for public sector building managers and budget officers looking for ways to reduce energy costs. You will not want to miss this opportunity to hear the latest project, program and policy intel.

Please visit the conference website to register at <http://conference.energyservicescoalition.org/>.

Don't miss out -- attendance is limited so limited so [register](#) today.

Thank You 2014 Silver Sponsor US Department of Energy

The potential for Energy Savings Performance Contracting (ESPC) to help public-sector organizations realize energy savings is significant, and the US Department of Energy (DOE) designed the ESPC Accelerator to help expand the use of ESPC by state and local governments. Twenty partners are working together and with DOE to catalyze energy efficiency investments of \$1.6 billion through the use of innovative and best-practice ESPC approaches

Magazine Deadline: July 14

STATE AND LOCAL ENERGY REPORT
